How to Reset Your Password

ARTICLE ID KB-1001	CATEGORY Account Management	LAST UPDATED June 2026
-----------------------	--------------------------------	---------------------------

Overview

If you're unable to sign in because you've forgotten your password or your password has expired, you can reset it using the Forgot Password feature.

The reset process typically takes less than five minutes.

Before You Begin

Make sure you have:

- Access to the email address associated with your account
- A supported web browser (Chrome, Edge, Firefox, or Safari)
- A stable internet connection

Reset Your Password

1. Navigate to the application's sign-in page.
2. Select Forgot Password.
3. Enter the email address associated with your account.
4. Select Submit.
5. Open the password reset email.
6. Select the password reset link.
7. Create a new password that meets the password requirements.
8. Confirm the new password.
9. Select Save.
10. Return to the sign-in page and log in using your new password.

Password Requirements

Your new password must include:

- At least 12 characters
- One uppercase letter
- One lowercase letter
- One number

- One special character

Avoid using previously used passwords.

Troubleshooting

I didn't receive the password reset email.

Try the following:

- Check your Junk or Spam folder.
- Verify that you entered the correct email address.
- Wait up to 10 minutes for the email to arrive.
- Request another password reset.

If you still don't receive the email, contact your system administrator or support team.

The password reset link has expired.

Password reset links expire after a limited time for security purposes.

Request a new password reset and use the most recent email you receive.

My new password isn't accepted.

Ensure your password meets all complexity requirements.

If necessary:

- Clear your browser cache.
- Refresh the page.
- Try another supported browser.

My account is locked.

After multiple unsuccessful sign-in attempts, your account may be temporarily locked.

Wait for the lockout period to expire or contact your organization's support team for assistance.

Frequently Asked Questions

- **Can I reuse my previous password?** No. Previous passwords cannot be reused.
- **How long is the reset link valid?** Password reset links are valid for a limited time. If the link expires, request a new one.
- **Can I change my password while I'm logged in?** Yes. Navigate to Profile Settings > Security and select Change Password.
